## REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art of record does not anticipate or render obvious the claimed compounds of the formula I, pharmaceutical compositions thereof or the claimed methods of use therewith. The closest prior art compounds are disclosed in U.S. Patent 6,525,075. The compound disclosed therein differ from the claimed compounds in that a piperdine group replaces the amino group represented by NR<sup>3</sup> in the present invention. The reference provides no motivation to modify the compounds disclosed therein to arrive at the claimed compounds.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
